The charge is 9d for any sum not exceeding £2; and 1s 6d for a sum above £2, and not exceeding £5, above which amount no Order can be granted. To prevent errors, applicants for Money Orders are advised to procure and fill up printed forms of application, which can be obtained at any Money Order Office gratis.

RATES OF POSTAGE.

INLAND LETTERS.

The rate of postage on all inland letters is regulated by weight, irrespective of distance, and (with the exceptions afterwards mentioned) is as follows:—

IF PAID IN ADVANCE.

Letter weighing not more than ½ oz.,	-	-	-	-	1d.
”	”	more than ½ oz., but not exceeding 1 oz.,			2d.
”	”	more than 1 oz.,	”	”	2 oz., 4d.
”	”	more than 2 oz.,	”	”	3 oz., 6d.

and so on; twopence being charged for every additional ounce.

and so on twopence being charged for every additional ounce

As a general rule, the postage, if not paid in advance, is double the foregoing; and if the payment in advance be insufficient, double the deficiency is charged. An inland letter, for example, weighing more than half-an-ounce, and not exceeding one ounce, if bearing a penny stamp only, is, on delivery, charged twopence. The unpaid ADDITIONAL postage on re-directed letters, however, is not doubled, being the same as if such postage were prepaid. Unless three quarters, at least, of the postage of a letter weighing more than 4 oz. be prepaid, the letter is not forwarded, but a notice of its detention is forwarded to the sender, or, failing him, to the person to whom it is addressed.

ADDRESSES TO THE QUEEN AND PETITIONS TO PARLIAMENT.

Petitions and Addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a Member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or are in covers open at the sides. No letter or other enclosure, however, must be inserted, and if one be found, such enclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

NEWSPAPERS AND OTHER PERIODICAL PUBLICATIONS BEARING THE NEWSPAPER STAMP.

Although provision is made for forwarding newspapers, books, and money through the post, it is not compulsory on any one to employ this mode of transmission; everything except letters may be sent in any other way.

The publication must be folded in such a manner that the whole of the stamp or stamps, denoting the full duty, shall be exposed to view, and be distinctly visible on the outside; except that where there are more than two publications in the same cover, it will be considered sufficient if the stamps be so arranged that they can readily be examined.

It must be posted within fifteen days from the printed date of issue.

It must have either no cover or a cover open at the ends.

It must not contain any enclosure.

It must have no writing or other mark thereon, but the name and address of the person to whom it is sent; nor anything on the cover but such name and address, the printed title of the publication, and the printed name and address of the publisher or vendor who sends it. Thus, if a newspaper, franked by a newspaper stamp, after having had the address of one person written upon the paper itself, be sent to another person, the first address must be cut off (obliteration not being sufficient), otherwise the paper will be charged as an unpaid letter.

If the publication be addressed to any person within the free delivery of the place where it is posted, it will become liable to a postage of one penny, which must be prepaid by affixing a postage stamp.

When a newspaper, &c., is so folded as not to expose the stamp or stamps, a postage of one penny is charged in addition to any other postage to which the publication, if properly folded, would be liable; and if the newspaper, &c., be addressed to any person within the free delivery of the place where it is posted, and do not bear a penny postage label, it is charged 2d.

In case of any other irregularity, the publication is dealt with as an unpaid letter.

Unstamped publications, and stamped publications which have been issued more than fifteen days, can be forwarded within the United Kingdom and to the Colonies, under the regulations of the book post.

Newspapers sent abroad are liable to the same regulations as newspapers passing (under the newspaper privilege) between different parts of the United Kingdom, except as regards size, and that, before going abroad, the name of the newspaper must have been registered at the General Post Office, and that, instead of requiring to have an impressed stamp (by which is meant the stamp specially used for newspapers), each newspaper, if sent to a British Colony, is liable to a postage of 1d (which must be prepaid by a postage label or in money), together with an additional postage when the newspaper has to pass through a foreign country. In all cases of newspapers going abroad the impressed stamp stands for nothing. Publications registered for transmission abroad, although not strictly newspapers, are in all respects treated as such, so far as their transmission by the British office is concerned.

BOOK POST.

The following are the regulations of the Inland Book Post:—

1st. Rates of Postage :

Weighing not more than 4 oz.,	-	-	-	-	-	1d.
„ more than 4 oz., and not exceeding 8 oz.,	-					2d.
„ more than 8 oz.,	„	„	16 oz.,	-		4d.
„ more than 1 lb.,	„	„	1½ lb.,	-		6d.

and so on, 2d being charged for every additional half pound or fraction of a half pound.

2d. The postage must be prepaid in full by means of postage stamps affixed outside the packet or its cover.

3d. Every packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination. For the greater security of its contents, the packets may be tied at the ends with string; but in such case the post-master is authorised to cut the string, although he is required to re-fasten the packet.

4th. A book packet may contain any number of separate books or other publications (including printed letters and printed matter of every kind), prints, or maps, and any quantity of paper, parchment, or vellum. And the books or other publications, prints, maps, &c., may be either printed, written, or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers, in the case of prints or maps; markers (whether of paper or otherwise), in the case of books; and, in short, whatever is necessary for the safe transmission of literary or artistic matter, or usually appertains thereto; but no patterns, or books of patterns, (unless these consist merely of *paper*) can be allowed.

5th. No book packet may contain any written letter, closed or open, or any enclosure sealed or otherwise closed against inspection; nor must there be any letter, nor any communication of the nature of a letter,

written in any such packet, or in or upon its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. Indeed, as respects the name and address of the sender, not only is the writing permitted but recommended; so that if the cover come off, or for any other reason the packet cannot be forwarded, it may be returned.

6th. No book packet must exceed two feet in length, width, or depth.

7th. Any packet which shall not be open at the ends or sides, or shall have any written letter or any communication of the nature of a letter written in it, or upon its cover, will be charged with the "unpaid" letter postage.

8th. If a packet be found to contain any written letter, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorised enclosure, the letter or enclosure will be taken out and forwarded to the address on the packet, charged with the full postage as an unpaid letter, together with an additional rate (1d); and the remainder of the packet, if duly prepaid with stamps, will then be forwarded to its address.

9th. If a packet be not sufficiently prepaid with stamps, but nevertheless bear a stamp of the value of one rate (1d), it is forwarded, charged with the deficient book postage, together with an additional rate; but any packet which bears no postage stamp is charged with the *unpaid* letter postage.

10th. In every case in which the postage chargeable under these regulations is greater than the letter rate, the latter postage is substituted.

At the following charges, and on the same conditions as the foregoing (except that no packet weighing more than three pounds can be sent to the East Indies or to New South Wales), book-packets can be forwarded to every British Colony:—

To India, Ceylon, New South Wales, Victoria, Tasmania (Van Diemen's Land), South Australia, Western Australia, New Zealand, Mauritius, and Hong Kong, the charge is as follows:—

Weighing not more than 4 oz.,	-	-	-	-	-	4d
„ more than 4 oz. but not exceeding 8 oz.,	-	-	-	-	-	8d
„ „ 8 oz.	„	„	1 lb.,	-	-	1s 4d
„ „ 1 lb.	„	„	1½ lbs.,	-	-	2s 0d
„ „ 1½ lbs.,	„	„	2 lbs.,	-	-	2s 8d

and so on; 8d being charged for every additional half-pound or fraction of a half-pound.

Charges to every other British Colony:—

Weighing not more than 4 oz.,	-	-	-	-	-	3d
„ more than 4 oz. but not exceeding 8 oz.,	-	-	-	-	-	6d
„ „ 8 oz.	„	„	1 lb.,	-	-	1s 0d
„ „ 1 lb.	„	„	1½ lb.,	-	-	1s 6d
„ „ 1½ lb.	„	„	2 lbs.,	-	-	2s 0d

and so on; 6d being charged for every additional half-pound or fraction of a half-pound.

The Head Postmaster who first receives a book-packet is required, whenever he has ground for suspecting an infringement of any of the above conditions, and occasionally, even when there is no ground for

suspicion, to open and examine the packet; and every book-packet which is not open at the ends or sides, or which exceeds two feet in length, width, or depth, or which has any written letter or any communication of the nature of a letter written in it or upon its cover, or which does not bear postage stamps equal to a single book-rate, is ordered to be sent up, with as little delay as possible, to the Returned Letter Branch of the Circulation Office in London, Dublin, or Edinburgh, as the case may be; but in the case of any other infringement of the regulations, the packet is dealt with by the Postmaster himself, in accordance with the above regulations.

REGISTRATION.

By the prepayment of a fee of ~~sixpence~~^{four pence}, any letter, newspaper, book, or other packet on which the postage has been prepaid in stamps, may be registered to any place within the United Kingdom. Book packets and newspapers can also be registered to the colonies. To foreign countries *letters only* can be registered. The registration of a packet makes its transmission more secure by rendering it practicable to trace it, when inland, from its receipt to its delivery; and when colonial, if not to its delivery, at least to the port of dispatch. The Post Office does not guarantee the safe delivery of the letter, &c., though the officers are of course responsible to the Postmaster-General, who will call to strict account any one neglecting his duty on this point, and if his Lordship think proper, will require him to make good any loss that may be sustained thereby. >

The postage and registration fee of registered letters must be prepaid; and if the letter be inland, such prepayment must be by stamps.

Every letter to be registered should be presented at the window, and a receipt obtained for it, and must on no account be dropped into the letter-box. If, contrary to this rule, a letter marked "Registered" be dropped into the letter-box, it will, *if directed to any place in the United Kingdom*, be liable to a registration fee of one shilling, instead of the ordinary fee of sixpence.

**SCOTTISH EQUITABLE
LIFE ASSURANCE SOCIETY.**

INCORPORATED BY SPECIAL ACT OF PARLIAMENT.

HEAD OFFICE, 26, ST ANDREW SQUARE, EDINBURGH.

THE SCOTTISH EQUITABLE LIFE ASSURANCE SOCIETY is an Institution peculiarly adapted for securing family provisions. It is a purely Mutual Assurance Society. The whole Profits are Allocated every three years amongst Policies of more than five years' duration. No part is, as in the case of a Proprietary Company, diverted from those who are Assured and paid away to Shareholders; and the Additions, which have already been made to Policies, afford the clearest evidence of the prosperity of the Institution, and the great advantages derived by its Members. For example:

A Policy for £10000, opened before March, 1832, is increased to £1654
9s 5d.

A Policy for £1000, opened before March, 1835, is increased to £1571
14s 11d.

A Policy for £1000, opened before March, 1838, is increased to £1482
15s 7d.

The total Additions to Policies made at and preceding 1st March, 1859,
EXCEEDED ONE MILLION STERLING.

VIEW OF THE PROGRESS AND POSITION OF THE SOCIETY:

	Amount of Assurances.	Annual Revenue.	Accumulated Fund.

This Company has attained a very high position amongst the Insurance Institutions of Great Britain. Its Annual Revenue exceeds £500,000; its Invested Funds amount to £1,260,000.

FIRE DEPARTMENT.

The Annual Premiums exceed £310,000, and place it in the first class of Fire Offices; its liberality and promptitude in settling claims have been established in the adjustment of enormous losses; and its influence in determining rates of Premium has uniformly been given to proposals for improving the character of risks that high Premiums may be unnecessary.

LIFE DEPARTMENT.

The Reserve in this Department has been increased by the addition of upwards of £58,000 in the year 1860 alone. The system of bonuses is simple, involving no possible liability of Partnership; liberal, guaranteeing a more than average amount of benefit; satisfying, because known at the date of the Insurance, and, therefore, free from disappointment, uncertainty, and doubt. The arrangements in other respects are intended to render Policies of the LIVERPOOL AND LONDON perfect securities in the hands of third parties. The Annual Premiums exceed £130,000; the Accumulated Reserve is £707,000.

ANNUITIES.

The payments by the Company exceed £19,000 per annum. Every facility is afforded to persons purchasing Annuities to enable their Receipt at such times and places as may be convenient, and the terms and rates will be found satisfactory.
